Meeting and Speaker at 9:00 AM

**Topic: *Agricultural Chemical Emergency
Response***

**Presenter:
Lucia Hunt, Emergency
Response Supervisor, MN
Department of Agriculture**

Lucia has supervised the Emergency Response Unit at the Minnesota Department of Agriculture since 2014 where she coordinates internal staff experts on ag emergency response as well as with interagency colleagues under unified command scenarios.

Overview: Agricultural chemicals are all forms of pesticides (herbicides, insecticides, fungicides, rodenticides, etc.) and fertilizers. The Minnesota Department of Agriculture has responsibility for enforcing proper handling and use of these chemicals. This presentation will look at case studies of the MDA's ag chem response and touch on larger agricultural emergency issues the department is facing.
